FOR IMMEDIATE RELEASE

Dr. Jayaraman Honored by ASM

Cincinnati, OH—Dr. N. Jayaraman, Director of Materials Research at Lambda Technologies, was given the 2014 William Hunt Eisenman Award by ASM International.

The award was established in 1960 and recognizes exceptional achievements in industry in the practical application of materials science and engineering through production or engineering use. Dr. Jayaraman was honored for his many technical contributions and publications, as well as his work as the president of the Cincinnati chapter, where he focused strongly on engaging and encouraging young engineers from high schools and universities.

Dr. Jayaraman

The award was presented on April 3, 2014 at a ceremony in Cincinnati, OH. It is named for William Eisenman, who was a founding member of the Society and had been its first and only Secretary for 40 years up until his death in 1958. Throughout his career, he encouraged the suitable recognition and communication of the practical aspects of metallurgy.

Lambda Technologies is an innovative company incorporating a premier materials research laboratory with a world-class engineering and production enterprise dedicated to the development and optimization of surface treatments to improve component performance.
